VOL. XXIV, NO. 45 GAINESVILLE, FLORIDA, TUESDAY, APRIL 2, 1907 TEN CENTS A WEE

HEAVY LOSSES ARE CAUSED BY FLAMES

Between $300,000 and $400,000 Worth of

PROPERTY BURNS AT NEWBERRY

Two Blocks of Stores, Eight Blocks of Residences—Water Runs Short and Dynamite is Used to Check the Flames—Women Aid in the Work.

Columbia, S. C., April 1.—Fire at Newberry, a thrifty little city of 9,000 population, Friday destroyed 22 residences, 10 stores and two churches, entailing a loss estimated at between $250,000 to $300,000, with insurance of about $85,000.

The range of the fire was from Adams street to Calhoun, east and west, and from Friend to Main or Pratt streets, north and south, on one side and about one block on the other side of Main street.

Most of the burned buildings were negro shacks, and in their places will rise modern buildings.

Surrounded on all sides by the fire was the residence of Mrs. J. B. Humbert, a widow of a former Methodist minister, which was never touched, although the heat from the flames scorched the house several times.

It is related that Mrs. Humbert, during the entire time of the conflagration, prayed that her home might be spared, and the way that her prayer was answered is the subject of discussion.

Policeman T. G. Williams rescued two ladies who had been almost overcome by heat. The officer himself had a narrow escape from falling debris.

A check in the water supply for 10 or 15 minutes caused much alarm, but the defect was soon remedied.

The fire originated in the mammoth three-story building occupied by R. C. Williams, dealer in wagons and buggies. A new and handsome two-story building owned by R. C. Williams and occupied by Shelley & Somers, furniture dealers, was in the path of the fire, and from there the conflagration spread.

Among the most prominent buildings destroyed were the residences of O. L. Schumpert and Henry Kinard, two of the handsomest in the city, also the Presbyterian parsonage, occupied by Rev. J. L. Williamson. The large residence of Jas. F. Todd was also destroyed, together with E. H. Leslie's residence, both on the same block.

Death Overtakes Robbers.

Somerville, Mass., April 1.—Three men, two of them dead and one unconscious, were found in a heap on top of a freight car at the Somerville Station on the Fitchburg division of the Boston and Maine railroad Friday. Apparently while riding on top of the car the men had struck an overhead bridge. Each had his pockets filled with cigars, tobacco and other tobacconist's supplies. The dead men were identified as Joseph B. Connors and Valentine Butler, both of Waltham. The injured man is Thomas Howe, also of Waltham. All three were wanted at Waltham in connection with the robbery of a cigar stand Thursday night.

Queen Victoria's Condition.

Madrid, April 1.—Queen Victoria was attacked by a sudden indisposition Friday, much to the alarm of the palace staff, which for a time, thought that the queen had been prematurely accouched. The trouble, however, proved to be only temporary and the queen recovered. It is expected that the queen will be accouched not later than the middle of April.

Father and Child Drown.

New York, April 1.—Stout Davison, 45 years old; and his 6-year-old son, of New Grunswick, N. J., were drowned in the Raritan river Friday. Their craft was upset while its occupants were endeavoring to change places. The father struggled manfully to save his boy but became exhausted and both sank.

THAW FACES COMMISSION.

His Attorneys Say He is Capable of Standing Tests.

New York, April 1.—The Thaw lunacy commission went into executive session at 10:25 o'clock Saturday.

Harry K. Thaw was immediately called before the board. His counsel reported him as in good spirits and fully capable of standing whatever mental tests were put to him.

Dr. Allen McLane Hamilton, the alienist, who was summoned last night by the commission in the court house corridors when Saturday's inquiry was begun. Dr. Hamilton said he did not know what was required of him.

"I am in hands of the commission," he said. There was much speculation as to the reasons which prompted the subpoening of Dr. Hamilton having stated on the witness stand before Justice Fitzgerald his belief that Thaw at present is incapable of rationally advising his counsel, the lunacy commission cannot afford to ignore him if its records are to be kept clear of objections. The commission's examination and Dr. Hamilton is likely to be on, for it is well known that he has no intimate relationship with the defendant since last July. The alienist may be asked his reason for stating that Mr. Thaw is of unsound mind and then when he gives the date of his last examination, the commission may place whatever value it desires on his testimony.

Dr. Hamilton believes that Harry Thaw is a paranoias.

Complaint Against Graves.

New York, April 1.—The Herald says that complaint has been made to the state department in Washington against Charles H. Graves, U. S. minister to Sweden, by Mrs. Ida M. Von Claussen, formerly of this city, who alleges that he refused to formally present her at the court of King Oscar, although that rule had had personally invited her, and her credentials were of the best. Mrs. Von Claussen arrived in New York last Saturday and she will go in a few days to Washington, where she will seek to relate her grievance to the president. Mrs. Von Claussen's father is a retired merchant of this city. She has recently made her home in Germany.

Body of Leo XIII To Be Moved.

Rome, April 1.—According to a notification received by the government from the vatican the pope has decided that the removal of the body of Leo XIII from St. Peters to the new tomb in St. John Lateran, shall take place in the day time, provided that it is guaranteed that the cortege shall pass through Rome unmolested. Negotiations are now in progress as to the measures that shall be adopted to this end. When the arrangements are completed the date of the transfer will be definitely fixed. It is thought now that itwill be at the beginning of next Month.

Will Test Constitutionality Of Act.

Philadelphia, April 1.—If Governor Stuart approves two cents railroad fare bill, which has passed the senate and house and which is now in his hands, the Pennsylvania and the Reading railways will begin action to test the constitutionality of the act. While the measure is not to become effective until Sept. 30, it has been determined by the railroads in question not to await that time, but to have the matter judicially determined in the meantime by the supreme court of the state.

Boy Falls Under Automobile.

Birmingham, Ala., April 1.—Frank Howard, son of T. D. Howard, a well known real estate man, was probably fatally injured by falling under the wheels of P. C. Cairnes' automobile. Howard was riding a bicycle and tried to dart across the street in front of the car when he was struck. The wheels of the heavy auto car passed over his body.

Brigadier General Combs Dead.

San Francisco, April 1.—Brigadier General Richard Combs, U. S. A., who retired in 1901, died at the presidio Friday aged 70 years. He was born in Ireland.

BAPTIST PASTOR IS DISCHARGED

Tried to Kiss Wife of Sunday School Superintendent.

SHE NOTIFIED HER HUSBAND

And He Brought Charges Before the Board of Deacons of Edgewood Baptist Church—Will Surrender His Credentials.

Atlanta, April 1.—For kissing or attempting to kiss Mrs. C. A. London, the wife of his Sunday school superintendent, Rev. G. L. Barnwell, the pastor of the Edgewood Baptist church was discharged by the board of deacons.

Barnwell declared that he will immediately surrender his ministerial credentials and do penance for his misconduct.

Asked about the charges, Mr. Barnwell stated that Mr. London had accused him of making love to his wife and attempting to kiss and hug her, and that he admitted the attempt. He said that Mr. London requested him to go home with him last Sunday and that in the presence of his wife he made this same statement. He declared that Mr. London used no force, but alleged that he made threats and said he had a revolver in his satchel. At his own request Mr. Barnwell averred he was discharged from the pastorate of the church and that he has decided to surrender his credentials as a minister. He said he does not know what his future course will be.

Mrs. London declined to make a statement, referring all inquiries to her husband, who works at the furniture store of J. B. Turner, at 41 West Mitchell street.

The kiss or attempted kiss occurred it seems, during the absence of Mr. London from his home. Mr. Barnwell called and during his visit to Mr. London's home made an attempt, so he says, to kiss Mrs. London. In his statement Mr. London declares that Mr. Barnwell did kiss his wife

When Mr. London learned of the that Mr. Barnwell did kiss his wife, matter from his wife, he paid a visit to Mr. Barnwell and made him go home and face his wife. Then the husband made the two, in the presence of each other, recite to him the facts in the case. This they did and Mr. Barnwell declared himself to blame and showed he was duly penitent. After the matter had taken on this phase, Mr. London began to cool off and let his Christian influences assert themselves. He began to be sorry for Mr. Barnwell. He says he pities him. Talking about it, Mr. London says:

"At first I wanted to shoot him, but then I thought about it and called on Mr. Gill, the chairman of the board of deacons. Mr. Gill called a meeting of the board and laid my charges before them. Then a committee called on Mr. Barnwell and he admitted the whole matter to them. He had gone to see her to make a pastoral visit.

"When he made his first attempt she did not know what he was trying to do. Then he caught, held and kissed her. She immediately repulsed him. When you see a big, fine-looking man weighing 175 pounds scarcely able to talk on account of the incident because of his great sorrow for it, you cannot help feeling sorry for him."

Mr. Barnwell announces that as yet he has no plans for his future. He will, however, surrender his ministerial credentials. Whether later he will ask for their return is not known.

Amount of Failures Exaggerated.

Brussels, April 1.—It was definitely ascertained Saturday that the amount involved in the recent failures announced on the Stock Exchange here was exaggerated. The total only reached about $200,000 but the banks furnished assistance to several houses. Although no further failures are anticipated in the near future, the next settlement is awaited with some anxiety.

GREER BELIEVES MEN DID IT.

However, He Says His Mind is Open To Conviction.

Washington, D. C., April 1.—Lieutenant Greer, quartermaster and acting battalion adjutant of the Twenty-fifth infantry on the night of the affray at Brownsville, was on the stand Friday in the investigation by the committee on military affairs of the senate. In the absence of Captain Macklin he took command of the company C, while the shooting was in progress. He testified in detail concerning the events at the post on that night.

At the conclusion of a long, direct examination, the witness told Senator Foraker that, while he had believed the men of the Twenty-fifth Infantry did the shooting, his mind was now open as to their guilt of innocence. He thought the firing came from about the center of the town and that shotguns and revolvers used in the firing he heard. He estimated that it would require forty or fifty minutes to clean a gun so that it would stand inspection after having been fired. He did not believe the guns could not be thoroughly cleaned.

During the morning's session the committee re-examined Walker McCurdy, formerly quartermaster sergeant of company B, concerning surplus rifles in the store houses. He was positive that none of the rifles in the arms chests had been used in the shooting.

The committee will take a recess of two weeks beginning April 6.

17 Cars Were Operated.

Montgomery, Ala., April 1.—Montgomery Traction company operated 17 cars Friday with strike-breakers and the service was suspended again at nightfall, owing to the long hours the new men had been on duty. Friday the company gave out a statement through General Manager W. H. Ragland in which it was announced that not one of the 132 men on strike would be allowed to return to work. Friday night a mass meeting was held at which addresses were delivered urging arbitration of the trouble. While it was announced as an impartial meeting, officers of the car company denied that the friends of the company had any interest in the meeting.

Attempt to Burn Town.

New Orleans, April 1.—The ruit steamer Suldal, which arrived Friday from Black River, Honduras, reported that while at Truxillo, immediately after its capture by the Nicaraguan troops, an attempt was made to burn the town, supposedly by Hondurans. The fire was subdued by the Nicaraguans before any great damage had been done. There was no looting by the crew of the Suldal, who reported that hundreds of persons many nationalities had camped around the American consulate with cows, goats and dos, believing that the American flag above all others assured them protection.

Violinist Attempts Suicide.

New Orleans, April 1.—Bruno Boehm, first violinist of the San Carlo opera company, which filled a winter engagement here at the French opera house, attempted suicide here by throwing himself in front of a rapidly moving street car. He was dragged off the tracks just in time to save his life by two policemen who has been detailed to watch him, his conduct having aroused the suspicion that he was insane. He is being held pending directions from his home in Berlin, Germany.

Wild Freight Strikes Depot.

Covington, Ga., April 1.—Central of Georgia passenger depot was demolished at 10 o'clock Friday, caused by the engineer of a local freight losing control of his engine while shifting cars on the spur track. Agent Joseph E. Bogle and his assistant narrowly escaped death. Important records of the office were probably destroyed in the crash.

Contract Let For Steamers.

Tokio, April 1.—Six steamers of 6,000 tons and speed of 14 knots have been contracted for by the Osaka Mercantile Marine company. The vessels will cost about $500,000 each and are to be used in a new American service.

FIELD GUNS WIN AGAINST REBEL

A Large Number of Insurgen Have Surrendered.

LEADERS ARE PLACED IN JAI

Many Women Are Fighting in th Insurgents' Ranks and Many o Them Have Been Found Among t Killed—150 Rioters Meet Death.

Bucharest, April 1.—Field gun loaded with grape shot, according the official reports, are winnin against the revolutionary peasantry whose arms are mostly hay forks an scythe blades. The insurgents wer able to hold their own against th troops at close quarters and even withstood cavalry charges, doing terrible execution with long pronged forks and scythe blades strapped to long poles but the slaughter since the troops used artillery appears to be terrifying them into submission.

In the district of Vlashica, where the outbreak was particularly serious, large numbers of insurgents have surrendered and have denounced their leaders to the authorities with the result that many of the latter have been arrested. The government hopes that with the leaders in jail the undisciplined bands will soon abandon the field.

The self-styled "generals" usually turn out to be country school masters and village priests. Many women are fighting in the insurgent ranks and some of them have been found among the killed, side by side with their husbands, sons and brothers.

Details of the attack made by the peasants on Galatz show that a pitched battle was fought. The insurgents who were several thousands strong, commenced the assault at midnight, carried other earthworks by storm and captured a suburb, which they set on fire, after pliaging it. Three battalions of infantry attempted to stem the peasants' entry into the city itself, but the fork and scythe armed rustics fought desperately hand to hand, and had almost routed the troops when the governor ordered field guns, loaded with grape shot, to be fired at the insurgents who wavered and then fled. The fire of the guns wrought great havoc on the retreating masses.

A number of conflicts between the troops and marauder continue to be reported. Two thousand insurgents at Gorj are said to have been quieted by the assurances of the authorities, without resort to force.

A hundred and fifty more rioters were killed and many arrested.

Artillery was used at Cucuesti, Valcelele and in some instances whole villages are said to have been destroyed by the fire of 9-inch shells.

Heavy Sentence for Soldiers.

Salt Lake City, Utah, April 1.—Fifteen years in state prison at hard labor is the sentence passed Friday upon Michael McCabe and W. J. O'Leary, United States soldiers, who were convicted of attacking and robbing Harold Berrum of $75 a month ago. In passing sentence Judge Armstrong, of the district court, severely scored the men for violating the oath they had taken to protect citizens.

Boy Found Not Guilty.

Carnesville, Ga., April 1.—The case of the state versus Fred Bagwell, a boy who is 11 years old, and charged with murder for shooting Rob Freeman, a boy at Lavonia, last January, was placed upon trial Friday morning before Judge Brand and a jury secured. The jury was out a short while and rendered a verdict of not guilty.

MR. PHARES BELL IS YET CONFIDENT

Feels Sure That Soldiers' Home Will Be Erected Here.

AMBITION OF HIS LIFE

He is a Federal Veteran, But He Loves All Comrades, and Wants to See Them Live and Eat and Talk Together Before He Has Passed Away.

For sometime Phares Bell of Ohio, a Federal veteran who has manifested a great deal of interest in the soldiers of both the Union and Confederacy, has been at work in the matter of establishing a Veterans' Home, a nation affair, which would carry the pride and distinction of being a national institution. It is the intention of Mr. Bell to establish this home in or near Gainesville, and he is working to that end and declares that he will not be satisfied until his work is accomplished

Mr. Bell is again in the city, having just returned from Savannah, Ga., where he has been in the interest of his project. He called at The Sun office Monday and made report of his progress, which is very encouraging.

Mr. Bell is an enthusiastic Veteran, and as fair as he is enthusiastic. He declares that he loves every Veteran, it makes no difference whether a Union or Confederate, and he wants to see a home where they can rest togethes and "fight their battles over" with less danger of having to give up a life. He is very enthusiastic in his purpose, and declares he wants to see his project accomplished, when he will then be ready to give up the troubles of this life.

This home, when completed, according to Mr. Bell's ideas and intentions, will cost not less than $6,000,000, and will be an institution of which the nation will feel proud. It will be an institution which will advertise Gainesville the world over, and will be worth a great deal in this direction.

The projector of this institution is an earnest, ambitious and determined worker, and feels confident of his ultimate success. He declares he is working for the home "because he wants see such an institution before he is called to another world," and is bending every energy to accomplish his effort.

A HISTORICAL ADDRESS.

Congressman Frank Clark Will Entertain Heares in St. Augustine.

Hon. Frank Clark, Congressman from the Second District, left Monday for St. Augustine, where he has accepted an invitation to deliver a historical address at the Ponce de Leon celebration.

Congressman Clark enjoys the reputation of being not only one of the brainiest men in Florida, but also one of the best posted and most eloquent. It goes without saying that his address will be full of interesting historical information, and will be thoroughly enjoyed.

NEWS OF CITY AND COUNTY CONDENSED

Ladies' calling cards in latest styles at Sun office.

Attorney W. E. Baker has gone to Jasper and other points on professional business.

Chas M. Dell has returned from Hague, where he has been looking after his extensive farming interests.

E. D. Stanford, special agent of the United States land office, has returned from an official visit to points in West Florida.

Attorney W. W. Hampton left yesterday for Inverness, where he will be engaged in professional business for the next few days.

W. N. Wilson has returned from Lake Weir, where he has been looking after his interests. Mr. Wilson owns a handsome grove there, and has been personally supervising its irrigation by means of hauling water from the lake. In this work he employed four double-teams.

Frank Jenkins, formerly of this city but now of White Springs, where he is employed by the R. J. & B. F. Camp Company, lumber manufacturers, has recovered from a spell of illness which confined him at the Odd Fellows' Sanitarium for several days. He expects to return to White Springs in a short time.

Mrs. Deligo and charming grand daughter, Miss Alma Harper, from Virginia, are recent arrivals in this city, being pleasantly domiciled at the Magnolia. This is their first visit to Florida and they are so favorably impressed that they may decide to prolong their stay for sometime. It is to be hoped that we may have the pleasure of their society in Gainesville for the larger portion of their visit while in this State.

Marshal Pinkoson, who has been making a wholesale raid on cows recently, had occasion to dispose of two animals Saturday in order to pay the cost of expense bill. The officer did not state the price received, but it is safe that the cost was sufficient to pay the expense. A large number of cows have been "arrested" within the past few days for loafing on the streets, but with these two exceptions all were redeemed by their owners.

AN INTERESTING ORDER.

Rulings of Postoffice Department Regarding Mailing of Post Cards.

The Postoffice Department of the United States Government has recently made a ruling regarding the mailing of souvenir post cards, which will prove of interest to readers of The Sun, as it will enlighten them as to the quality and style of card which they will be permitted to mail at the one-cent rate.

This order comes to Postmaster L. C. Lynch as Order No. 98, and says:

"Post cards ornamented with glass, mica or other similar substances liable to injure the persons of those handling the mails, are hereby excluded from the mails, except when enclosed in suitable envelopes."

As will be noted from this order, postal cards with the above decorations must be enclosed in an envelope before they will be admissable to the mails. The glass and mica decorations have been quite a fad within the past few months, but this order will put a stop to their being mailed at the one-cent rate.

NEGRO BABY IS DEAD.

Child Found in Back Yark Succumbed to Result of Severe Exposure.

The colored child which was found in the back yard of the premises at the corner of East Main and East Masonic streets a few mornings ago, of whom Nettie Rogers, a colored girl, admitted to be the mother, is dead, and was buried in potter's field under direction of city authorities.

The Rogers girl is still ill. She will be arraigned in County Judge's court as soon as she is enabled to appear. The infant was given into the custody of a kindly colored woman who did everything possible to save its life, but the exposure incident to its being cast out resulted in ultimate death.

Just Because

Your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia, bronchitis and consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by W. M. Johnson.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no sugar of lead, it will not gum or dry—and for keeping dye stuffs from the hair it stands unrivaled. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

DVANCE NEWS FROM THE STATE CAPITOL

liticians and Legislators Gathing in Tallahassee.

HE LEGISLATIVE OFFICERS

ooks Like Hunt Harris For President f Senate and Eugene S. Matthews For Speaker of The House—Interesting News From Seat of Action.

Tallahassee, April 1.—Members of th houses of the State Legislature e now practically all at the Capital, ady to participate in the caucuses night, at which officers of both ouses will be nominated, thus making e formal election of President of the enate and Speaker of the House of epresentatives, on the formal organiation of those bodies, a mere technility, as will also be the case with the arious attaches of the Legislature.

The leading candidates are Senator . Hunt Harris of Monroe county, for resident, and Representative Eugene Matthews of Bradford county for peaker of the Lower House. By five 'clock this afternoon it will be positive whether they will be chosen without opposition, or whether the fight will be carried into the night caucuses. That Senator Harris will be elected President seems now practically assured. He is undoubtedly a strong man, with many friends both personal and political. At present Dr. West appears to be the man upon whom the opposition will center if one is named at all, though there is a strong effort to induce Senator Baker of the Twentieth to enter the race. The unwritten law of the Senate, under which the President is always chosen from the new men, is favorable to Mr. Harris, for while he was a member of the House of Representatives for many years, and is serving now his third term in the Senate, a final total of fifteen years in the harness, he is technically a new man, having been chosen for the full term at the last general election. In addition to this, nearly all of the most prominent of the Senators in the element which appears to oppose Senator Harris, are numbered among the hold-overs. Early in the game Senator Frank Adams of Hamilton, twice President of the Senate, who is technically a new man, was spoken of, but Mr. Adams is not understood to be a candidate, and all indications now point either to Dr. West or Senator Henderson, more to the former.

In the House the candidates for the Speakership are more numerous. Eugene S. Matthews of Starke is clearly in the lead, but among others to be considered, or at any rate under consideration, are Representative J. Pope Reese of Escambia, assistant district attorney in the United States Court for the Northern District of Florida, Judge Syd L. Carter of Alachua, formerly State's Attorney for the Fifth Judicial Circuit, Representative W. A. MacWilliams of St. Johns, recently brought into the limelight by his proposition to utilize half the State convicts in the building on three proposed trunk lines of hard roads leading from Jacksonville to Pensacola, Tampa and Miami, respectively, and Representative Geo. Mathewes of Marion, formerly a member of the House and under the second Cleveland administration consul to the city of Para, Brasil. Judge Carter has been suffering greatly from rheumatism for the past two or three months, and it is highly probable that his physical condition will compel him to withdraw.

A close contest for each position is not altogether improbable, while at the same time it would not be surprising for all opposition to the leading candidates to melt away during the morrow, and for everything to be harmonious when the caucusses assemble. In view of the fact that the campaign for both places have been conducted so far in a very clean manner, practically free from personal bitterness, indicates that there is no desire anywhere for an unnecessary contest, and that if Senator Harris and Representative Matthews are clearly the choice of their respective bodies for chairmanship, that the other candidates and their supporters will gracefully acquiese, and spare the Legisla- and the State the annoyance of which would be hampered by embrance of personalities and gs.

there have been no suggestions ident and Speaker pro tem. ll more important questions d these offices occupy the top shelf. Nearly all the attaches of the Senate and House are candidates for re-election without opposition, though T. J. Appleyard, secretary of the Senate, is opposed by C. A. Finley of Lake City, and Gen. Fred L. Robertson, Assistant Adjuant-General of the United Confederate Veterans, is opposed for bill secretary by C. O. Andrews, who last session was engrossing secretary.

Three members of the Senate have died the last year, and another, Senator Neulans of Suwannee county, is at the point of death. Levy county sends in the place of the late Senator Carter Hon. J. R. Willis, one of the secretaries of the preceding Senate, and LaFayette and Taylor counties yesterday chose Hon. E. L. Cottrell to succeed Senator Carter, in both cases special elections having been necessary. One-eighth of the total membership of the Senate have thus been stricken by the hand of illness or death.

The present Legislature consists of 101 members, one more than the regular number. This is because of the creation of St. Lucie county by the Legislature, the constitution providing that each new county shall be entitled to one member until a general re-apportionment, which it requires should take place every tenth year. This matter was passed over in 1897, as a result of which the State is still suffering under the apportionment of 1887, and the counties containing only one-third of the people of the State elect a majority of both Senate and House of Representatives. The Democratic party has a majority of 99 on joint ballot—or would have if the joint ballot figured this year—Manitee county having sent this year, as the result of a bitter local fight, the only outsider in the Legislature, Hon. J. A. J. Pettigrew, who has the distinction of being the first Socialist elected to a State office in Florida.

Easter Sunday passed quietly, considering everything. The flowers in the churches were not as plentiful as in years past, but there was no scarcity of politicians. Politics has filled the Sabbath air to a large extent, but tomorrow tells the tale.

Senator McCreary arrived this afternoon and will be joined by Mrs. McCreary on Tuesday. Judge Carter has been here since Friday and Mr. Doke is expected either today or tomorrow. Roy Moran, candidate for page in the Senate from Alachua, seems to stand a good show.

CURES ALL SKIN TROUBLES.

Sulphur the Accepted Remedy for a Hundred Years.

Sulphur is one of the greatest remedies nature ever gave to man. Every physician knows it cures skin and blood troubles. HANCOCK'S LIQUID SULPHUR enables you to get the full benefit in most convenient form. Don't take sulphur "tablets" or "wafers," or powdered sulphur in molasses. HANCOCK'S LIQUID SULPHUR is pleasant to take and perfect in its action. Druggists sell it.

A well known citizen of Danville, Pa., writes: "I have had an aggravated case of Eczema for over twenty-five years. I have used seven 50-cent bottles of the LIQUID, and one jar of your HANCOCK'S LIQUID SULPHUR OINTMENT, and now I feel as though I had a brand new pair of hands. It has cured me and I am certain it will cure anyone if they persist in using HANCOCK'S LIQUID SULPHUR according to directions.

No Operation

Mrs. Malinda Akers, of Basham, Va., writes: "I had what doctors call 'prolapse,' and couldn't stand straight. I had pain in my back and shoulders, and was very irregular and profuse. Doctors said an operation was needed, but I couldn't bear the thought of the knife. After taking three bottles of Wine of Cardui, I could walk around. Can now do my housework and am in splendid health."

Cardui is a pure, vegetable, medicinal essence, especially adapted to cure women's diseases. It relieves excessive periodical pains, regulates irregularities, and is a safe, pleasant and reliable remedy for all sick women. In successful use for over 70 years. Try it.

AT LAST THE RAIN HAS BROUGHT RELIEF

A Fine Downpour Visited This Section and Caused Rejoicing.

GREAT BENEFIT TO ALL

The Farmers, Truck Growers and Orchardmen Will Receive the Most Direct Good, As Crops and Fruit Trees Have Been Suffering For Sometime.

At last the farmers, truckers and fruit growers have been blessed with a good rain, with the result that they are all happy and expectant of great benefit to be derived along all lines.

The rain, which lasted during the greater part of Sunday night and Monday, was indeed refreshing to all, and will have a tendency to put on new and vigorous growth in the fields and orchards. The ponds and branches, many of which had gone almost dry, were also replenished, which will prove of great benefit to the cattle which were suffering for water.

This rain was the first of any consequence since early September of last year—more than six months. The planters were beginning to realize gravely the situation, and it looked as though this section was indeed in the face of a disastrous drought.

But the downpour has come, and everyone is happy in the anticipation of prolific crops.

Quite a sudden change of temperature was ushered in with the rain, the thermometer falling Monday to 44 degrees, but this change is not calculated to have any effect upon vegetation.

The News From Melrose.

Melrose, March 30.—The J. Shelby Circus was in town on Wednesday, giving two very good performances to full houses. At the evening performance quite a number had to stand up. It was the first circus that had ever visited Melrose, and therefore the first ever seen by many of the children, who enjoyed it thoroughly. Another show, Howard's moving pictures, is advertised for April 5th.

Mrs. Caldwell read a paper on "Mrs. Eddy," at the regular meeting of the Ladies' Literary and Debating Society Friday afternoon.

Mrs F. M. Yearwood and three daughters left Wednesday for Atlanta.

S. Coward and family have removed to the Huffman cottage on Hampton street.

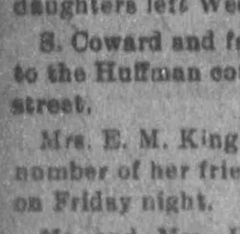
Mrs. E. M. King entertained quite a number of her friends at pivot euchre on Friday night.

Mr. and Mrs. H. W. Hamlyn are taking advantage of the beautiful moonlight night to treat their friends to delightful trips on Lake Santa Fe in their motor launch.

The exodus of our Northern visitors has begun, but quite a number expect to remain here until the end of April.

The hours we pass with happy prospects in view are more pleasing than those crowned with fruition.—Goldsmith.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.



Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

PUBLIC NOTICE

To the People of Gainesville:

All persons in Gainesville must hold *themselves* responsible for any weakness or suffering caused from old age, chronic cough or cold, bronchitis, weak lungs, run-down conditions, stomach troubles, nervousness or poor blood when we are willing to sell them the real cod liver preparation, Vinol, and return their money if it does not benefit.

The reason Vinol is so successful in restoring health and creating strength is because it contains in addition to tonic iron all the medicinal elements of cod liver oil actually taken from fresh cods' livers, but without oil or grease to upset the stomach and retard its work.

Unlike old-fashioned cod liver oil and emulsions, it is deliciously palatable, agreeable to the weakest stomach, therefore, unequalled as a strength creator and tonic reconstructor.

Our local druggist, W. M. Johnson, says: "It is because we know so well of what Vinol is made that we ask every run-down, nervous, debilitated, aged or weak person in Gainesville, and every person suffering from stubborn colds, hanging-on coughs, bronchitis or incipient consumption, to try Vinol on our guarantee."—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

FASTIDIOUS WOMEN

A CONVERTED JEW.

Rev. A. Lichtenstein Delivered Three Interesting Sermons Sunday.

Rev. A. Lichtenstein of St. Louis, a converted Jew who has been for nineteen years preaching Christ in the Protestant churches, delivered three interesting sermons in this city Sunday. The morning and afternoon services, by special invitation of Rev. S. B. Rogers, the pastor, were held in the First Baptist Church, and were well attended. The evening service, which was also largely attended, was held in the First Presbyterian Church, the pastor, Rev. Thos. P. Hay, having extended to Mr. Lichtenstein the courtesy of his pulpit.

Mr. Lichtenstein's remarks were well received, and very instructive. He gave the story of his conversion to Christ in a most interesting manner, which was attentively listened to by the congregation.

Lack of Labor Ties Up Boats.

Columbus, Ga., April 1.—The scarcity of labor is beginning to seriously threaten the regular operation of the steamboats on the Chattahoochee river. The steamer Kelly has arrived at the wharf from the first trip made in a number of days, it having been impossible to maintain regular schedules on account of the limited number of deck hands that could be secured. The labor situation on the river has been gradually growing worse and worse, and is now really serious. Frequently steamboats are unable to leave the wharf at the appointed hour because of the fact that a good many of the negro roustabouts are missing.

Morton Will Look After Territory.

New York, April 1.—In dividing the work formerly in charge of Gage E. Tarbell, who resigned as vice president, Paul Moton, president of the Equitable Life Assurance Society, in a letter to the agency force announces that he will personally look after the territory in the western part of both the United States and Canada. George T. Wilson, second vice president, will devote himself to the business in the southern and eastern states and a few foreign agencies.

Had 12 Fingers and 12 Toes.

Americus, Ga., April 1.—The fact that he has 12 fingers and 12 toes and by this freak of nature was readily located, resulted in the capture Friday night of Eugene Wallace, another of the 19 escaping misdemeanor convicts here. Sheriff Bell thinks considerable light is thrown upon the burning of Lacrosse two weeks ago. Wallace escaped in that neighborhood and articles found upon his person are indicative of the real incendiary.

Mayflower at Colon.

Colon, April 1.—The U. S. dispatch boat Mayflower arrived here early Saturday morning from Charleston, with Secretary Taft and his party on board. On landing they were welcomed by Chief Engineer Stevens, Dr. Gorgas, the chief sanitary officer, general manager Bierd, of the Panama railroad and others, and took a special train for Panama. The voyage was uneventful and all the members of the party are enjoying good health. The hotel Tivoli at Ancon will be Mr. Taft's headquarters during his stay on the isthmus.

Wealthy Maine Man Dies.

Belfast, Me., April 1.—Charles B. Hazelline, reputed to be the wealthiest citizen of this city, died Saturday of paralysis at the age of 79 years. For several years he was a member of the firm of Drew and Hazeline, real estate and shipping brokers at Jacksonville, Fla., and later be engaged in steamboat enterprises on the Pacific coast. In late years he had been interested in banking and railroad enterprises in Maine.

For tomorrow what you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any. Buy a bottle today. A positive cure for rheumatism, burns, cuts, sprains, contracted muscles, etc. T. S Graham, Prairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of rheumatism after others had failed." Sold by W. M. Johnson.

Brewery Men Go on Strike.

St. Louis, April 1.—Brewery workers to the number of 2,500, said to involve worker from every brewery in St. Louis, went on strike on Friday afternoon for increases in wages ranging from 5 to 60 per cent. The strike was in accordance with a decision reached Thursday night, when a conference was held with the boss brewers of the city. The berwery workers, it is stated, were offered a general increase of 5 per cent in response to their demands but declined to accept it.

Unknown Man Found Dead.

Gadsden, Ala., April 1.—The body of an unknown youn white man about 18 years of age, was found in the woods near Cedar Bluff, in Cherokee county. From all appearances the body had been lying in the woods for several days. No letters or other marks of identification were on the body and the man was a stranger to the community. The case is surrounded in mystery and is either a murder or suicide.

He Liked School.

A bright little four-year-old boy was taken to school for the first time. After he had been given a desk and set to work he suddenly put up his little hand.

"What do you want, Fritz?" asked the teacher.

"I should like to know when the holidays begin," said Fritz.—Die Muskete.

SHORT TALKS BY L. T. COOPER.

NERVOUSNESS.

Nervousness makes people miserable, blue, and unhappy. They think something terrible is going to happen. At night they toss and worry and are not rested. They tire easily and havn't much energy. They think many things are the matter with them—Consumption, Kidney trouble, or twenty other diseases. It's just stomach trouble, nothing else in the world. Two bottles of Cooper's New Discovery will put the stomach in shape in three weeks. I know this because I've seen it tried a thousand times. Then all nervousness will disappear. I know this too, because I've seen it happen a thousand times. Here's a letter I got the other day:

MRS. W. J. SCHAURER.

"My system was badly run down and my stomach and nerves in an awful shape. I could not digest my food, was always tired and would often feel faint and dizzy."

"I had heard so much of your New Discovery medicine that I began taking it. Relief and strength and happiness were found in the very first bottle and the benefit I have received from it has been truly wonderful. I am no longer nervous, my appetite and digestion are good and I eat everything and sleep well." Mrs. W. J. Schaurer, 220 Guthrie St., Louisville, Ky.

We sell Cooper's New Discovery. It makes tired, worn out, nervous people happy.

CATARRH A UNIVERSAL BLOOD DISEASE

Catarrh is usually worse in Winter, because of the cold, damp and suddenly changing climate. Colds are contracted, and neglected and as the secretions from the different inflamed membranes are absorbed into the blood the unpleasant symptoms of the disease commence. The nostrils are stopped up and a constant dropping of mucous back into the throat keeps up a continual hawking and spitting. The patient has dull headaches, ringing noises in the ears, and often slight fever and a depressed, half-sick feeling accompanies the disease. The blood becomes so fully charged with catarrhal matter that stomach troubles are brought on, the kidneys and bladder are affected, and if the blood is not purified of the poison the lungs become diseased because of the constant passage of impure blood through them. Catarrh cannot be cured with washes, sprays, inhalations and such treatment; these cannot reach the poison-laden blood where the real cause is located, and can only give temporary relief and comfort. A disease which affects the entire blood supply as does Catarrh, must be treated with a blood purifier. S. S. S. is the best remedy for Catarrh, which has grown to be a universal disease. It goes to the bottom of the trouble, rids the blood of the catarrhal matter, reinvigorates the circulation, and cures this disgusting disease permanently. When S. S. S. has purified the blood every part of the system receives a supply of fresh, healthy blood; then the inflamed membranes heal and every symptom of Catarrh passes away. Write for our book containing information about Catarrh, and ask for any medical advice you desire. No charge is made for either.

A Trio of Husbands.

The traveled girl was explaining the strange looking locket she had about her neck on a thin gold chain.

"It is a Buddhist charm," she said, "to keep off bad luck. A swarthy little woman in Tibet gave it to me. She took a great fancy to me. It is handsome if the back is of tin. The face is of turquoise. They make them like that in Tibet. The little woman's husbands came up to her one by one, begging her to go home with them, but she wouldn't till she had finished talking to me. I felt very much flattered. Oh, yes, she had three husbands. The women are very scarce, you know, in Tibet. It was lovely to see them dancing attendance on her. Tall fellows there were, too, and handsome. She asked me how many husbands I had. It was very humiliating to have to acknowledge to her that I hadn't any," she sighed.—New York Press.

Captured by the Students.

Some years ago the selectmen of the town of Hanover, N. H., decided, in their wisdom, to collect a poll tax from every Dartmouth student of legal age. The boys said nothing to this, but quietly decided that if they paid taxes they would also vote. So they turned out in full force at the annual meeting. Having strength enough to secure control, in less than five minutes they had elected students to the positions of moderator and clerk. Thirty minutes from the time the meeting was called to order the town of Hanover had gone on record as having voted to build a brick schoolhouse 500 feet long, ten feet high and two feet wide and to build a plank walk from Reed Hall in Hanover to Lebanon, in which town was a female seminary. The tax collector did not trouble Dartmouth students for many years after that.

The Universal Language of Clothes.

The top hat represents the universal language of attire. It wails and weeps against the walls of Jerusalem, and it turns up in the solitudes of the desert. Even the loneliest mountain peaks are not safe from its democratic simplicity. Once I met a silk hat, probably rescued from some benevolent dust bin, milking a cow in a London park. The hat nearly caused a riot. Each and every passerby turned and stared indignantly. The eccentric cowboy in the top hat finished his allotted task, and in company of his cow and the milk pail he ambled placidly out of sight. Still one can't help asking in the interest of personal liberty, Why shouldn't a silk hat be permitted to milk a cow? The cow doesn't mind, so why should we?—Fortnightly Review.

A Temple Made From a Single Stone.

Mayallipmam, India, has seven of the most remarkable temples in the world, each of these unique places of worship having been fashioned from solid granite bowlders. Some idea of their size and the task of chiseling out the interior may be gleaned from the fact that the smallest of the seven is twenty-four feet high, seventeen feet long and twelve feet wide. Travelers who have carefully examined them are of the opinion that it took centuries of work to carve these graceful edifices from native rock.

The Richest Man In the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. McCollum & Co.

ALACHUA COUNTY....

Alachua county is 806,400 acres in area, has 248 miles railroad, 900 miles wagon road, 56 postoffices, 123 public schools, 27 phosphate plants, 20 saw mills, $75,000 court house, four newspapers, and produces corn, cotton, rice, sugar, oats, rye, potatoes, pineapples, oranges, peaches, pears, plums, pecans, and all kinds of vegetables.

Gainesville, the County Seat....

UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra five that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

Some of our advertisers could enlarge their space with profit.

GAINESVILLE, FLA.

Senator Burton has made his threatened speech in Kansas, and now everyone is waiting for the stick to come down.

Aspiring presidential boomlets had better take warning. The vice-presidential gobbolun may get them if they don't watch out.

From the deadly silence in the direction of Texas it would appear that either Senator Bailey or the Legislature had adjourned.

The Illionis Senate has adopted a joint resolution by the vote of 35 to 8 for the election of United States Senators by direct vote of the people.

New Philadelphia is going to start a municipal bank. And of course we may next expect to hear her advocating the municipal ownership of jimmies and skeleton keys.

The Standard Oil Trust has combined with the European Petrolium Union and have divided the European markets between them, and thus ends the long continued struggle.

From the tone in which recent presidential visitors discuss him, it would appear that Mr. Harriman might hear something to his advantage by not calling at the White House.

Dispatches from Wisconsin say that things political are "more than usual complicated." This probably means that Senator LaFollette and Mr. Babcock are both loose at the same time.

When The Baltimore Sun ventured the remark that "lawn tennis is rather a mollycoddish game," it is evident that it did not appreciate the strenuousness of the White House players.

That Republican disturbance in Ohio, whether Foraker or Taft win out, will give us a good many inklings of how the Republican machine works, especially when well oiled with trust and corporation contributions.

An exchange announces that "Hill and Harriman will meet at the White House." If they do, it would be interesting to know whether Queensberry rules will govern and whether they will bar the back heel and the pivot throw.

That eminent Republican Kansas statesman who has just shed his suit of striped clothing intends to resume active political activity, for already he has hired a hall and is about to start a geyser to ventilate his woes. There are persons whom a fellow feeling should make wondrous kind, for although his cheek is of brass, he is but an average sample of other Republican congressmen still at large.

That trust subsidized organ of the land grabbers, The Economist, pictures Governor Gould of Massachusetts as a black sheep leading a numerous flock of white sheep in a wild rush over the fence into the Democratic pasture. This sign of harmony just previous to the inauguration of the national campaign is encouraging to the Democrats, who welcome Gov. Gould or any other good Republican who favors tariff reform.

RATES BASED ON VALUE.

It is inofficially reported that the railroads west of the Mississippi and south of the Ohio intend to make a concerted movement in the courts against laws passed by the States reducing passenger rates to 2 cents a mile. The railroads will bite off their own noses if the succeed, for the loss of revenue, if any, on passenger rates can be used as a good excuse to keep up freight rates, for a time at least. In the end both passenger and freight rates will be reduced on those railroads which are earning over 6 per cent net and this with the grafting now indulged in by many railroad officials omitted. In fairness to the railroads in question, it must be admitted that the less density of population in the West and South requires a higher rate than in the East and the compromise rate of 2½ cents a mile for the present would seem to be a fair proposition.

In demanding reductions in freight rates it must also be remembered that some through rates on some classes of goods are much lower in proportion than on other classes and lower than for the same classes for shorter hauls and any arbitrary percentage of reduction might be an unfair one and would not be supported by the courts. No rates can be reduced below where it is reasonably profitable to the railroad under the new rate law, and just where that reasonable point is must be discovered.

It is very important to the people that any reduction of rates must be within that reasonable legal rule and can be shown to be such when a test is made in the courts. For the people to be defeated and the railroads be able to show that a reduction was unreasonable, and therefore unlawful, would turn the hands of the rate reform clock backwards and postpone rate reduction perhaps for a long period. The only safe test is to first have all the railroads appraised at what they could be replaced for and then what are fair and reasonable rates can be arrived at that will be upheld by the courts. Public opinion should urge the next Congress to give the Interstate Commerce Commission power to employ expert engineers and real estate appraisers to arrive at a just valuation. Then the Commission can act understandingly and apply reasonable rates.

CONVICTED FOR WEARING UNIFORMS.

Harrison Bloodsworth was convicted in the County Judge's Court of Suwannee county of wearing part of a uniform and insignia of rank prescribed by general regulations for use of active militia in the State of Florida, and sentenced to pay a fine of $25 or be confined in the county jail for a period of sixty days. The accused was wearing a pair of blue trousers, with regulation stripe of commissioned officer.

Adjutant-General Foster says:

"It is of great importance to everyone in the military service, and should be to every citizen as well, that the uniform of the United States soldier should be preserved for the use of those only who are in the military service of their country, and not be indiscriminately worn by unauthorized persons.

"The fact that it is possible for anyone to buy articles of military clothing, and that the service uniform, bearing the stamp of the United States Quartermaster Department, is commonly sold throughout the State as a substitute for overalls, is the means of cheapening the uniform and discrediting the military service generally in the eyes of the people. Fortunately the Florida law provides a remedy which may be applied by those who are authorized to wear the uniform and appreciate the honor of doing so.

"It is earnestly hoped that officers at all the posts in the State, and members of the regular establishment as well, will follow the example which has been set them in this matter by causing the arrest and punishment of persons who violate this provision of our State law. As soon as it becomes generally known that the wearing of articles of the uniform by civilians will subject them to arrest, and possibly to imprisonment, even though they have purchased the articles in question, both the sale and wearing of military clothing will be effectually checked."

Former-Senator Burton of Kansas is doing a great deal of talking since his release from prison, and his talk is more or less vitriolic. Senator Burton is not a good loser; he should have been an honest man. He should have remained honest. He is smart enough, but he is too sensitive to engage in double dealing or dishonest practices. It may have been his cupidity that led him to act as counsel for that gambling firm of St. Louis, but Burton is smart and he knew he was dishonest in doing it while he occupied the distinguished position of a Senator of the United States. Any except a pettifogging shyster would have been ashamed to have resorted to intrigues and the intricacies of the law as counsel in such a business, but Burton as Senator had influence—and he took the money. What he says will have no weight among sensible men. Instead of making speeches and criticising President Roosevelt among old neighbors out at Abilene, he should go modestly about his business, determined to sin no more.

Blaming President Roosevelt for the Wall street panic is about as sensible as blaming him for the increase in the discount rate of the Bank of France, for has not the administration thrown open the doors of the Treasury vaults for the benefit of the beleaguered frenzied financiers?

The Taft boom was hatched out during the late warm spell, but seems to have retired into its shell since the squaw winter set in, and the President now has it wrapped up in cotton batting at the White House until its owner gets back from the tropics.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BIGAMY CHARGE IS ADMITTED.

Young Man Arrested at Tifton, Ga., Has Two Wives.

Tifton, Ga., April 1.—George Mentzel, a young white man employed by the Tifton Lumber and Manufacturing company, was arrested by Sheriff Baker at the Tifton cotton mills on a warrant charging him with bigamy.

Mentzel last fall married Mrs. Sallie Dent, a well-known and respected young woman of this city. Some time after the marriage it was found that Mentzel had a living wife in Evansville, Ind., and an investigation by Mayor Clyatt and the authorities here led to a warrant being sworn out for his arrest.

He at first denied his guilt, but afterwards acknowledged that his first wife was living and at a preliminary hearing before Judge Kent he waived commitment trial and was sent to jail in default of $1,000 bond to await a hearing of the July term of Tift superior court.

His Enthusiasm Was Contagious.

Whitefield, whose dramatic appeals to his listeners were always a noteworthy part of his sermons, once preached to a body of seamen in New York. In the course of his sermon he introduced the following words:

"Well, my boys, we have a clear sky and are making fine headway over a smooth sea before a light breeze, and we shall soon lose sight of land. But what means this sudden lowering of the heavens and that dark cloud rising from the western horizon? Hark! Don't you hear the distant thunder? Don't you see those flashings of lightning? There is a storm gathering! Every man to his duty! How the waves rise and dash against the ship! The air is dark! The tempest rages! Our masts are gone! The ship is on her beam ends! What next?"

The hands of every sailor were gripping the pews in front of them, and a wild excitement was in their eyes. And when the preacher reached the climax of his dramatic speech they sprang to their feet in a body and shouted, "Take to the longboat!"

The Price of Silence.

A well known business man in a town not far from Cincinnati discovered one morning on entering his office that his safe was out of order. He immediately telegraphed to Philadelphia for an expert.

When the latter arrived he found that the safe, an old fashioned affair locked with a key, could not be opened. After a hasty examination the expert, taking a piece of wire, dug out from the key a mass of dust and lint. He then opened the safe in the twinkling of an eye. The business man wore a sickly smile as he asked meekly:

"How much?"

"Twenty dollars."

"Do any of your firm's patrons here know of your visit?"

"Not a soul but yourself."

"Then," added the business man, "here's $40. I'll take it to be a great favor if you'll hustle out by the first train. If any one in this town knew that I paid a man $20 to dig dirt out of a key for me I'd never do another dollar's worth of business in the whole state."—New York Times.

How She Knew He Lost.

"I can always tell whether my husband wins or loses at poker," said the woman in a red gown at an afternoon tea the other day.

"I always know when my husband wins," said a woman in pink. "If he wins he makes peace with me by buying a present, but it is only when he wins that I am told of the game at all. On other occasions when he comes in late it is always because of a pressing business engagement."

"My husband lost last night," the woman in red said. "I had been out late myself to a business meeting of the club and was still up when he came in. He frowned upon seeing the house illuminated and said:

"'For heaven's sake turn out some of these lights and cut down expenses!'"—Kansas City Star.

Shooting the Whale.

The Norwegian whale fisheries extend over nearly the whole of the Arctic sea, from the north of Norway toward Spitzbergen and even to the Shetland islands. The whales are shot from small steamers, the implement used being the so called bomb harpoon, an arrow shaped iron spear furnished with a line, which is discharged from a small cannon. The whale often drags the vessel a long distance until it becomes exhausted and expires. It is then towed to the anchorage, where it is stripped of the blubber. This whale fishery was begun by a well known Norwegian, Svend Foyn, in 1868. At first only the blubber was utilized for train oil; now the bones are crushed for manure, and the flesh is used for fodder.

He is great who can do what he wishes. He is wise who wishes to do what he can.—Ifland.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Romance of Stocking Knitter.

Romance may certainly figure in many of the knitted waistcoats and gorgeous stockings worn by our undergraduates today, but these have not so romantic an origin as the first of these articles produced in England, for tradition has it that William Lee, who in the sixteenth century invented the knitting frame on which both stockings and waistcoats were produced mechanically, was driven to this piece of ingenuity by the cruel flouting of the lady he loved, who happened to be a stocking knitter. Enraged at his failure to make an impression on her heart, he sought to make it on her purse by killing her means of livelihood, and one is glad to read that all stocking makers combined to frustrate his cruel purpose, with the result that he fled with his invention to France, where he finally died of a broken heart, whether for love of his lady or of his spoiled invention tradition does not say.—London Chronicle.

Mark Twain's Ant.

"Mark Twain in one of his amusing books of travel attacks the ant," said a nature student. "He ridicules the idea that the ant is industrious and wise. He devotes three or four pages to an account of an ant making its way homeward with a burden. He shows the ant climbing grass stems instead of going round them, doing a hundred silly things, taking in every case the long and foolish instead of the short and sensible way home. And hence, naturally enough, he concludes that the ant's wise industry is overrated—naturally enough, I say, Mark Twain's ignorance being granted, for he was unaware when he wrote that long and interesting passage that many kinds of ants are blind. He did not, for all his close observation, take up his little ant subject, look for its eye sockets and find them absent. It was a blind ant Mark Twain studied, and he didn't know it."—Cincinnati Enquirer.

Irish Wit.

Pat O'Hooligan gave a dinner to some of his friends. His wife had prepared one chicken, which Pat proceeded to carve to serve his guests. Turning to the lady seated nearest him, he asked very politely:

"What part will yez hev, Missis Murphy?"

"Oi'll take the leg, if yez plaze, soir," she said.

Pat next turned to a little Murphy.

"And what part iv the bird will yez hev, young man?"

"Oi'll take a leg, if it plase ye, soir," replied the little Murphy.

Then Pat addressed Mr. Murphy. "What's yer choice iv the bird? Will ye hev the white meat?"

"Oi'll take another leg, soir, an' much obleged fer the question," said Mr. Murphy, who always followed his wife's example.

"Begorra," exclaimed Pat, "phwat do yez think I'm carvin'—a spider?"—Washington Post.

ORDINANCE NO. 192.

An Ordinance to Provide for, Regulate and Require the Widening of Pleasant Street in the City of Gainesville, so as to Make said Street a Forty-Foot Street From a Point Where Liberty Street Crosses said Street, Thence North to Boundary Street, for the Costs of Such Widening and the Issuance of Special Assessment City Certificates.

Be It Ordained by the Mayor and City Council of the City of Gainesville, Florida:

Section 1—That the City Attorney be and he is hereby authorized and directed to institute or cause to be instituted the necessary and proper legal steps of proceedings to acquire by condemnation, as provided by law, a strip of land, in equal proportions, along the east and west sides of Pleasant street from its intersection with Liberty street, thence north to Boundary street, of sufficient quantity to make said Pleasant street a forty-foot street in width, from Liberty street to Boundary street.

Sec. 2—That the cost of acquiring said property as provided by section one of this ordinance shall be paid by the special assessment of said cost against the property fronting or abutting upon said street where the same is so acquired, in proportion to the frontage of the property fronting thereon, said special assessment being made per front foot of the property abutting thereon. The estimated total cost of the widening of said street as herein provided is Three Thousand dollars, and the estimated amount per front foot of the special assessment to be levied upon the abutting property fronting on said street where the same shall be widened is One dollar.

Sec. 3—The special assessments shall become due and payable as fast as the property herein described for the widening of said street shall be acquired, and the City Council shall as soon as practicable after the acquisition of said property meet and by resolution fix the special assessment per front foot upon the property fronting or abutting upon said street where the same is so acquired, said special assessment not to exceed the actual cost paid by the city for acquiring said property, or the estimated special assessment per front foot for such acquisition as stated herein.

Sec. 4—The City Council shall meet on the 8th day of April, 1907, at 7:30 o'clock p. m. of said day, in the Council chamber, and at said meeting shall permit any owner of or other person interested in the property against which the special assessment provided for by this ordinance shall be levied to present their objections to the enforcement of requirements of this ordinance.

Sec. 5—That this ordinance shall take effect immediately upon its passage and approval.

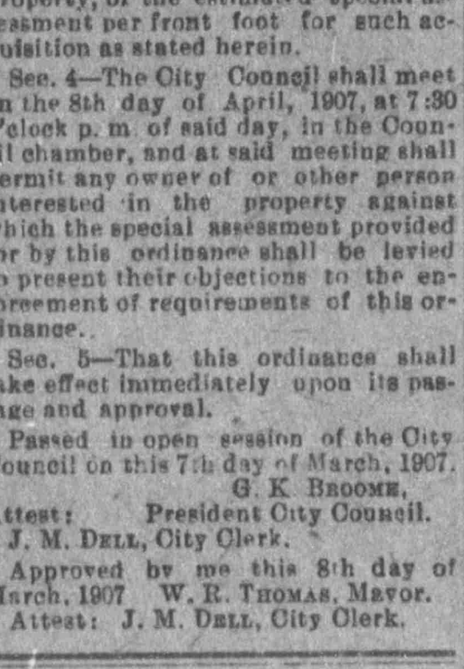
Passed in open session of the City Council on this 7th day of March, 1907.

G. K. BROOME,
President City Council.

Attest: J. M. DELL, City Clerk.

Approved by me this 8th day of March, 1907. W. R. THOMAS, Mayor.

Attest: J. M. DELL, City Clerk.



One Thing at a Time

"I can't afford to advertise on a large scale," said a merchant lately, "and with my varied stock I wouldn't know where to begin on a small scale."

It is a common fallacy that the advertising must cover the whole stock.

In point of fact it never does, even with the most lavish advertisers, and, if it did, the result would be a jumble of prolixity. The true policy is to select one article at a time—something moderately priced and meeting the want of the day—and push that at the people.—Philadelphia Record.

DRANK BAY RUM AND DIES.

Mr. Latimer Ate Baked Beans and Canned Pork.

Toccoa, Ga., April 1.—An unknown man, whose name is said to be Henry Lattimer, died here Friday night in convulsions, every indication showing that his death was the result of poison of some kind.

The dead man reached Toccoa Friday morning with another stranger, Thomas Long. They had beat their way over the Southern railway from Gastonia, N. C., to Toccoa on a freight train.

Long had never known Lattimer until they met in Gastonia Friday night and does not know where Lattimer's people live, but says Lattimer told him he lived at Caroline, or Henrietta, N. C. From appearances it was easily ascertained that Long and Lattimer had been drinking.

Long says they drank bay rum during Friday night and ate canned Boston baked beans and canned pork and apples. Lattimer was taken violently ill about noon and died about 7 o'clock. Neither Long nor any one in Toccoa knows anything of Lattimer's home. The city has taken charge of the corpse.

Lattimer is apparently about 24 years old, clean shaved, about 5 feet 8 inches in height and weighs about 140 pounds. On the right arm is tattooed an American flag and on the left the image of a man and under that an anchor. If the friends of Lattimer are not found by the city authorities the remains will be buried here.

Why

Have a torpid liver when Herbine, the only liver regulator, will help you? There is no reason why you should suffer from dyspepsia, constipation, chills and fever, or any liver complaints, when Herbine will cure you. F. C. Investigation Undertaken.

St. Paul, April 1.—An investigation of the alleged coal combination in the soft coal field will be undertaken by the federal grand jury which meets in Minneapolis next Tuesday. It is understood that the inquiry will also go into the operations of the Northwestern Coal Dealers' associations to some extent, as it may be found to affect the coal market; but the inquiry is to be directed particularly toward the producing and jobbing of soft coal and the probe will go into every nook and corner of the coal question.

Hurls Infant Into Sea.

New York, April 1.—Crazed by sickness Mrs. Filomena Aquilla, a passenger on board the steamer Koenig, which arrived here Friday from Naples, threw her infant daughter into the sea last Wednesday, where it perished. The woman tried to follow the infant to death, but was restrained. The boat was stopped for half an hour while search was made for the child.

ECZEMA COVERED HANDS 11 YEARS

Cracked and Bleeding in Many Places—Became so Bad that Nail Came Off Finger—Tried Many Remedies and Consulted Three Doctors, but Got No Relief—Now Cured and Is Very

PROUD OF HAVING TRIED CUTICURA REMEDIES

"I had eczema on my hands for about eleven years. The hands cracked open in many places and bled. One of my fingers was so bad that the nail came off. I had often heard of cures by the Cuticura Remedies, but had no confidence in them as I had tried so many remedies, and they all had failed to cure me. I had seen three doctors, but got no relief. Finally my husband said that we would try the Cuticura Remedies, so we got a cake of Cuticura Soap, a box of Cuticura Ointment, and two bottles of Cuticura Resolvent Pills. Of course I keep Cuticura Soap all the time for my hands, but the one cake of Soap and half a box of Cuticura Ointment cured them. It is surely a blessing for me to have my hands well, and I am very proud of having tried Cuticura Remedies, and recommend them to all suffering with eczema. Mrs. Eliza A. Wiley, R. F. D. 2, Liscomb, Iowa, Oct. 18, 1906."

ITCHING PIMPLES

Resulted from Poisoning. Cured by Two Sets of Cuticura Remedies.

"My husband got a blood disease from wearing woolen underwear. He was all full of pimples, and he had an awful itching. He took a good many so-called blood remedies and nothing did him good. Then we saw in a newspaper about Cuticura Remedies, and they cured him after using in all two sets of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, and now I wouldn't do without Cuticura Soap. Mrs. Harner, 1050 Benners St., Reading, Pa., Jan. 25, 1906."

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.) (or in the form of Chocolate Coated Pills 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props. Boston, Mass.

Fainted in Witness Chair.

Chicago, April 1.—Leonard Leopold, one of the defendants in the Margaret Leslie murder trial, was called to the stand again Saturday for cross-examination but before many questions could be asked of him he fainted and fell from the witness chair and the court proceedings were postponed to await an improvement in his physical condition. Leopold fainted Friday after making a sudden rush from the witness stand. He was ill the greater part of the night, but Saturday said that he felt able to take the stand.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

An Obliging Man.

Heine (at the village barber's)—I say, do you know why this man's shop is hung all over with sacred pictures? Beine—Oh, yes; that is for the convenience of his customers, so that they may call on all the saints when he shaves them.—Metzgendorfer Blatter.

An Exception.

She (superstitious)—I should never propose to a girl on Friday. It's unlucky. He (cynical)—Not always. I once knew a fellow who did it, and the girl refused him.

Sorrow.

"Herr Huber, come home immediately. Your wife has suffocated herself with gas." Huber—Heavens! There'll be a nice gas bill to pay!—Wiener Salonwitzblatt.

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. Many, indeed, are the sensible mothers who write, expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by W. M. Johnson.

DIET AND HEALTH.

Use Foods That Will Give the System the Oil It Demands.

Every person requires a certain amount of oil in his food in order to be healthy. Our ancestors lived to a large extent on olives, filberts, chestnuts and other nuts containing oil. The present generation uses too little oil in its diet. This can be taken in the shape of the pure expressed olive oil, as an emulsified salad dressing or by eating nuts, olives, etc. It may be a matter of choice how the system gets its oil, but a certain amount is essential to the enjoyment of good health. The good results of the habitual use of the above articles in the diet are soon shown, especially when persons are inclined to colicky indigestion and constipation. Doctors will do well to instruct their patients to use pure olive oil in moderate doses, also as dressing for salads. Various kinds of nuts have a high dietetic value because of the oils which they contain and can be used to advantage. When patients incline to consumption, pure cod liver oil ranks at the head of oily substances, but the lesser oils also can be taken in moderation.

Nature furnishes many cures for the successful treatment of diseases if we will but study her methods instead of following fads. The result will be a greater progress in building up resistance and immunity from disease.—Washington Star.

The Bank Clerk.

It is the duty of the clerk to be zealous. The low spirited has no place in a bank. Neither has the frivolous. The man who works for a bank is respected in his community because it is known that the character of his work is important and particular. He must not only be direct and speedy in what he does, he must not only be faithful and constant in all that he does, but he must go a step further and do what he does with a will, and a good will at that. Zeal requires interest and enthusiasm. One of the troubles with the bank clerk is that his senses and his buoyancy are apt to be dulled by the endless repetition of details. There is no way to shirk it. No bank clerk can go home at night with his work unfinished.—C. W. Stevenson in Bankers' Monthly.

Stomach and Liver Trouble Cured.

Orino Laxative Fruit Syrup cures stomach and liver trouble as it aids digestion, and stimulates the liver and bowels without irritating these organs like pills and ordinary cathartics. It cures indigestion and sick headache and chronic constipation. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

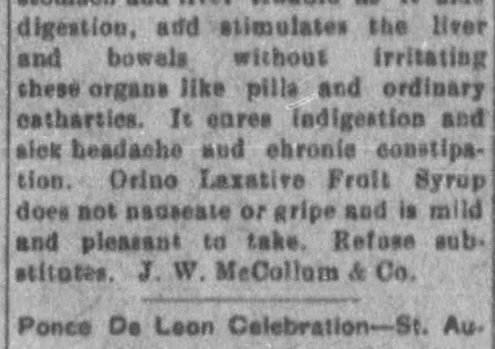
On account of the Ponce De Leon celebration at St. Augustine, Fla., April 2nd to 4th, 1907, inclusive, the Atlantic Coast Line railway will give a special rate of one and one-third first-class fares for the round trip. For Pullman reservations and detailed information see the Atlantic Coast Line agent or write Frank C. Boyleston, District Passenger Agent, Atlantic Coast Line, Jacksonville, Fla.



Baby won't cry if you give Him BALLARD'S HOREHOUND SYRUP.

Pleasant to take, rapid results. Contains nothing injurious.

CURES COUGHS, COLDS, CROUP, SORE THROAT, WHOOPING COUGH AND ALL PULMONARY DISEASES.

Mrs. J. C. Jenkins, Denver, Colo., writes: "I can't say enough for Ballard's Horehound Syrup. It has cured my baby of the croup and my children of severe Coughs. I know no better medicine."
